If you need a Compact camera with a RAW support, consider Canon PowerShot S90 or in the same price range. Kodak Astro Zoom AZ651 with its 21.0MP sensor is leading in this class. Check the comparison of Sony S930 vs Kodak Astro Zoom AZ651 or take a look at Highest resolution Compact cameras list. Sony S930s lens also has a Manual Focus Mode. Lack of a viewfinder can be problematic especially under strong light where visibility of LCD screens goes down dramatically. If you need a Compact camera with a builtin viewfinder in a similar price range, consider Sony Cybershot DSCH50 Compare or Compare . If the price is not an issue, take a look at our Top Rated Cameras with Viewfinders. Unfortunately S930 doesnt have an external flash shoe so you are limited with the builtin flash. The AF system has 9 points to choose from. If Portrait We strongly recommend you to check our Top Compact Cameras for Portrait Photography list and consider these alternatives over the S930. If Street is important for you, we recommend you to check our Top Compact Cameras for Street Photography list. If Sports We strongly recommend you to check our Top Compact Cameras for Sports Photography list and consider these alternatives over the S930. If Daily is important for you, we recommend you to check our Top Compact Cameras for Daily Photography list.

If Landscape We strongly recommend you to check our Top Compact Cameras for Landscape Photography list and consider these alternatives over the S930. Here is the eight most popular comparisons of Sony S930 amongst Camera Decision readers. It would also be interesting to compare Sony S930 with Cameras. Below we have listed 4 highest ranked cameras in Sony S930s price range. Replace only with part num ber specified. Ne les remplacer que par une piece portant le numero specifie. The three cameras above offer a 3D Sweep Panorama feature, which lets one take panoramic pictures in one pressandsweep motion. The highspeed burst of frames is stitched together using innovative processing techniques to automatically create a detailpacked 3D panorama. These images can be seen in 2D or 3D on compatible 3D televisions.Building on the success of the K800, the K810 adds a number of features that make its 3.2megapixel autofocus camera even more camerallike. Sony Ericsson also expanded its Cybershot branding to a midrange handset, the K550, which has a 2.0 megapixel camera bundled with autofocus and LED flash.The handset featured an Exmor CMOS sensor, as well as a smile shutter, BRAVIA Screen and a 3x optical zoom mechanism.The initial handset released under this category was the 5 megapixel C902, with the C905 announced shortly thereafter. The C905 signalled Sony Ericssons entry into the 8 megapixel camera phone market.Retrieved 20080916. Retrieved 20080208. Retrieved 20080208. Retrieved 20080916. Translate this page Relevant STILL CAMERA forum topics SONY CCD TRV238E CONTROL KEY BLOCK Hello everybody, Sony CCD TRV238E camcorder has two issues, first, a wire in the harness PD124 is almost cut, which causes bad contact in the LCD panel, Ive tried to used a sort of glue to fix it but without success, soldering the two parts is almost impossible see picture, the area is too tight. Second, when the connexion for standard flexible are cut it is possible to scratch the two parts and connect them with extension wire and welding, but in the case of the CONTROL KEY BLOCKs flexible which is used to connect the CONTROL KEY BLOCK to the mainboard, connexions are not made of copper! carbon maybe, trying to polish will destroy them!, actually, they are worn out see picture. Because these spare parts are no longer available in my country, please I need your advice to fix harness and CONTROL KEY BLOCKs flexible. Sony HDRSR7E, HDDs kamera udv egyik ismerosom panaszolja, hogy cimbeli kameraja fel orai mukodes utan meleg.

Similar manuals You can write in English language into the forum not only in Hungarian. You can instantly view the captured images or playback your videos on the 2.4inch display. In addition, the DSCS930 model is equipped with 2x digital and 3x optical zoom. I bought my Sony DSCS930 camera to take pictures of family and friends, of scenery, and of items I want to sell on ebay. With the 8GB micro SD card and memory stick duo adaptor I bought from another ebayer, it has plenty of room to store a lot of pictures. The 10MP photos are very sharp and clear, but I can also reduce the pixel count for pictures that upload into email quickly and easily. Im very impressed with the video recording feature, which includes a built in microphone for sound on my videos. The full 8GB would allow over 6 hours of video recording. My only slight dislike is that there is no viewfinder. I have to frame photos and video using only the LCD screen. This replaces my old Sony 5mg camera which took great pictures, heavy use at the time. This one is even better with double the megabytes. Verisign.
